

STAT390: LegalAid Chicago

20th Nov 2025

Outline

- Main menu & Legal menu recommendations
- Legal menu recommendations
- Agent-caller engagement
- Call outcomes
- Call abandonment
- Seasonal (monthly) call trends (Family menu - DV)
- Activity durations: Seniors vs non-seniors
- Front desk analysis
- Called number analysis
- Q&A & feedback

Main menu & Legal menu recommendations

- **Main menu & Legal menu recommendations**
- Agent-caller engagement
- Call outcome
- Call abandonment
- Seasonal (monthly) call trends (Family menu - DV)
- Activity durations: Seniors vs non-seniors
- Front desk analysis
- Called number analysis
- Q&A & feedback

Main menu & Legal menu recommendations

Presentation

Recommendations:

- We have convincing evidence to **remove key 6** from the **main menu**
- We have convincing evidence that none of the callers have memorized the legal menu options, and HIV menu can be put as the 9th option in Legal Menu, or can be separately put in the Main menu

Agent-caller engagement

- Main menu & Legal menu recommendations
- **Agent-caller engagement**
- Call outcome
- Call abandonment
- Seasonal (monthly) call trends (Family menu - DV)
- Activity durations: Seniors vs non-seniors
- Front desk analysis
- Called number analysis
- Q&A & feedback

Calls breakdown: By agent engagement

Attempt to reach a queue	Agent engaged?	Proportion	Total calls	Calls per weekday	Average time (in minutes)
Do not reach a queue	No	71%	176,853	474	NA
Get a closed queue	No, but potential to be engaged	20%	49,933	134	NA
Abandon while waiting in queue	No, but potential to be engaged	1%	2,657	7	NA
Schedule a courtesy callback	Yes	4%	9,158	25	13
Intake outdial	Yes	4%	9,395	25	7
Talk to an agent without scheduling a callback	Yes	0.2%	716	2	12
Total		100%	248,442	668	

- Only 2 calls are being answered per day on an average, without scheduling a callback
- Thus, only 3% of all the calls reaching an agent are answered during the same call
- Why not remove the queue, and directly schedule a callback?

Calls breakdown: By agent engagement

- Average time spent on call per day = $25 \times 13 + 25 \times 7 + 2 \times 12 = 524$ minutes = 8.7 hours
- Assuming, there are 8 agents, average time spent per agent per day, on call = $8.7 / 8 = 1$ hour, 5 minutes

Call outcome

- Main menu & Legal menu recommendations
- Agent-caller engagement
- **Call outcome**
- Call abandonment
- Seasonal (monthly) call trends (Family menu - DV)
- Activity durations: Seniors vs non-seniors
- Front desk analysis
- Called number analysis
- Q&A & feedback

Calls breakdown: By outcome

Outcome	Outcome type	Proportion	Total calls	Calls per weekday
Abandoned	Negative	31%	76,336	206
Closed queue	Negative	20%	49,933	134
Staff directory	Positive	13%	31,994	86
Voicemail	Positive	8%	28,764	56
Connected to agent	Positive	8%	18,991	51
Closed hours	Neutral	7%	18,573	50
LAC does not serve	Neutral	5%	12,930	35
Could not select language (Front desk 1)	Negative	3%	7,890	21
Appt/feedback (Front desk 2)	Positive	3%	6,895	19
Legal menu 1 (Front desk)	Negative	1%	2,545	7
Total		100%	248,442	668

Call abandonment

- Main menu & Legal menu recommendations
- Agent-caller engagement
- Call outcome
- **Call abandonment**
- Seasonal (monthly) call trends (Family menu - DV)
- Activity durations: Seniors vs non-seniors
- Front desk analysis
- Called number analysis
- Q&A & feedback

Calls breakdown: By caller type

Call type	Proportion	Total calls	Calls per weekday
Main menu only	40%	98,358	264
Legal issues	42%	104,685	281
Other	18%	45,399	122
Total	100%	248,442	668

Abandonment

Call type	%Abandonment	Total calls abandoned	Calls abandoned per weekday
Main menu only	41%	40,465	109
Legal issues	22%	23,422	63
Other	28%	12,449	33
Total	31%	76,336	205

- Abandonment will be high for menus with too many options, as with the main menu and legal menu 2 (shown later)
- A correlation between abandonment and menu length will be obtained

Abandonment: Main menu

Abandoned at	%Abandonment	Total calls abandoned	Calls abandoned per weekday
Language selection	28%	27,256	73
Main menu verbiage	13%	13,209	36
Total	41%	40,465	109

- Abandonment at language selection may be ignored
- Abandonment at main menu verbiage may be reduced with lesser options

Calls breakdown: Legal Issues

Call type	Proportion	Total calls	Calls per weekday
Non-seniors	31%	76,583	206
Suburban Seniors	3%	8,319	22
Chicago Seniors	7%	18,028	48
Non-Cook County Seniors	1%	1,311	4
Unclassified seniors	0.2%	444	1
Total	42%	104,685	281

Abandonment: Legal Issues

Abandoned by	%Abandonment	Total calls abandoned	Calls abandoned per weekday
Non-seniors	23%	17,198	46
Suburban Seniors	24%	1,958	5
Chicago Seniors	21%	3,715	10
Non-Cook County Seniors	8%	107	0.3
Unclassified seniors	100%	444	1
Total	22%	23,422	63

Abandonment: Legal Issues

Abandoned by	%Abandonment	Total calls abandoned	Calls abandoned per weekday
Legal menu	74%	13,613	37
Housing	59%	3,094	8
Family	52%	1,874	5
Benefits	62%	297	1
Employment	0.03%	1	0.0
HIV	48%	767	2
Total	23%	19,646	53

Calls breakdown: Other

Call type	Proportion	Total calls	Calls per weekday
Closed hours	9%	21,768	51
Farmworker menu only	4%	9,864	27
Intake outdial	4%	9,395	25
Abandonment at Seniors confirmation / LegalMenu1	1%	2,492	7
Front desk (legal menu / farmworker)	0.2%	1,880	1
Total	18%	45,399	122

Abandonment: Other

Call type	Proportion	Total calls	Calls per weekday
Closed hours	1%	133	0.4
Farmworker menu only	99%	9,797	26
Intake outdial	0%	0	0.0
Abandonment at Seniors confirmation / Legal menu 1	100%	2,492	7
Front desk (legal menu / farmworker)	0%	0	0.0
Total	28%	12,449	33

Seasonal (monthly) call trends (Family menu - DV)

- Main menu & Legal menu recommendations
- Agent-caller engagement
- Call outcome
- Call abandonment
- **Seasonal (monthly) call trends (Family menu - DV)**
- Activity durations: Seniors vs non-seniors
- Front desk analysis
- Called number analysis
- Q&A & feedback

Seasonal (monthly) call trends (Family menu - DV)

- [Presentation](#) (Slide 4)
- [Dashboard](#)

Recommendations:

- Legal Aid needs to adapt its queue length based on the changing demand
- DV issues have been increasing over the months, but the entire increase has been accounted by the closed queue
- An algorithm can be written to dynamically provide queue length estimates based on the changing demand

Activity durations: Seniors vs non-seniors

- Main menu & Legal menu recommendations
- Agent-caller engagement
- Call outcome
- Call abandonment
- Seasonal (monthly) call trends (Family menu - DV)
- **Activity durations: Seniors vs non-seniors**
- Front desk analysis
- Called number analysis
- Q&A & feedback

Activity durations: Seniors vs non-seniors

- [Presentation](#)
- [Dashboard](#)

Insights:

- Seniors take more time navigating the menu, and talking to the agent, as compared to non-seniors
- We will drill down further to see the menus corresponding to higher agent talk-time

Front desk analysis

- Main menu & Legal menu recommendations
- Agent-caller engagement
- Call outcome
- Call abandonment
- Seasonal (monthly) call trends (Family menu - DV)
- Activity durations: Seniors vs non-seniors
- **Front desk analysis**
- Called number analysis
- Q&A & feedback

Front desk analysis

- [Presentation](#)
- [Dashboard](#)

Insights:

- Many callers seem to have trouble selecting language, and are directed to front desk
- An interpreter is provided as an option later in Legal menu 1, instead of being provided earlier in LAC main

Called number analysis

- Main menu & Legal menu recommendations
- Agent-caller engagement
- Call outcome
- Call abandonment
- Seasonal (monthly) call trends (Family menu - DV)
- Activity durations: Seniors vs non-seniors
- Front desk analysis
- **Called number analysis**
- Q&A & feedback

Called number analysis

- [Presentation](#)
- Dashboard link (to be included)

Insights:

- A drill down dashboard is designed to see call journeys across called numbers (using CDCH data)
- Most of the calls for the Spanish line are on Friday, which is different from the general trend of more calls being earlier in the week

Q&A & feedback

- Main menu & Legal menu recommendations
- Agent-caller engagement
- Call outcome
- Call abandonment
- Seasonal (monthly) call trends (Family menu - DV)
- Activity durations: Seniors vs non-seniors
- Front desk analysis
- Called number analysis
- **Q&A & feedback**
