

Main Menu Abandonment

Sana Nanlawala

The Main Menu includes the activity prompts including and following the Main Menu prompt, within the Main Number Telephony EP, as well as the various transfers within it.

- **165,680** calls went through the Main Menu at some point in their call.
- Of these, **62,971** calls ended within the Main Menu. (abandoned and not abandoned) → **38%**

Abandonment Scenarios:

Abandonment:	Reason:
Help With Legal or Other Reason Menu	Directional, Yes/No options
Main Menu	Directional, with “other” option available
Staff Directory English Transfer (conditional)	Not abandoned if agent connected, abandoned otherwise
Staff Directory Spanish Transfer (conditional)	Not abandoned if agent connected, abandoned otherwise
Clinic Voicemail Transfer (conditional)	Not abandoned if agent connected, abandoned otherwise
Front Desk Transfer 2 (conditional)	Not abandoned if agent connected, abandoned otherwise
Front Desk Transfer 3 (conditional)	Not abandoned if agent connected, abandoned otherwise

Alternatively, all these transfers can be considered NOT ABANDONED because they would have reached a transfer at some point.

** Front Desk Transfer 1 is not included because it follows the Language Selection Menu (before entering the Main Menu) **

Examples of Conditional Abandonment in Transfers:

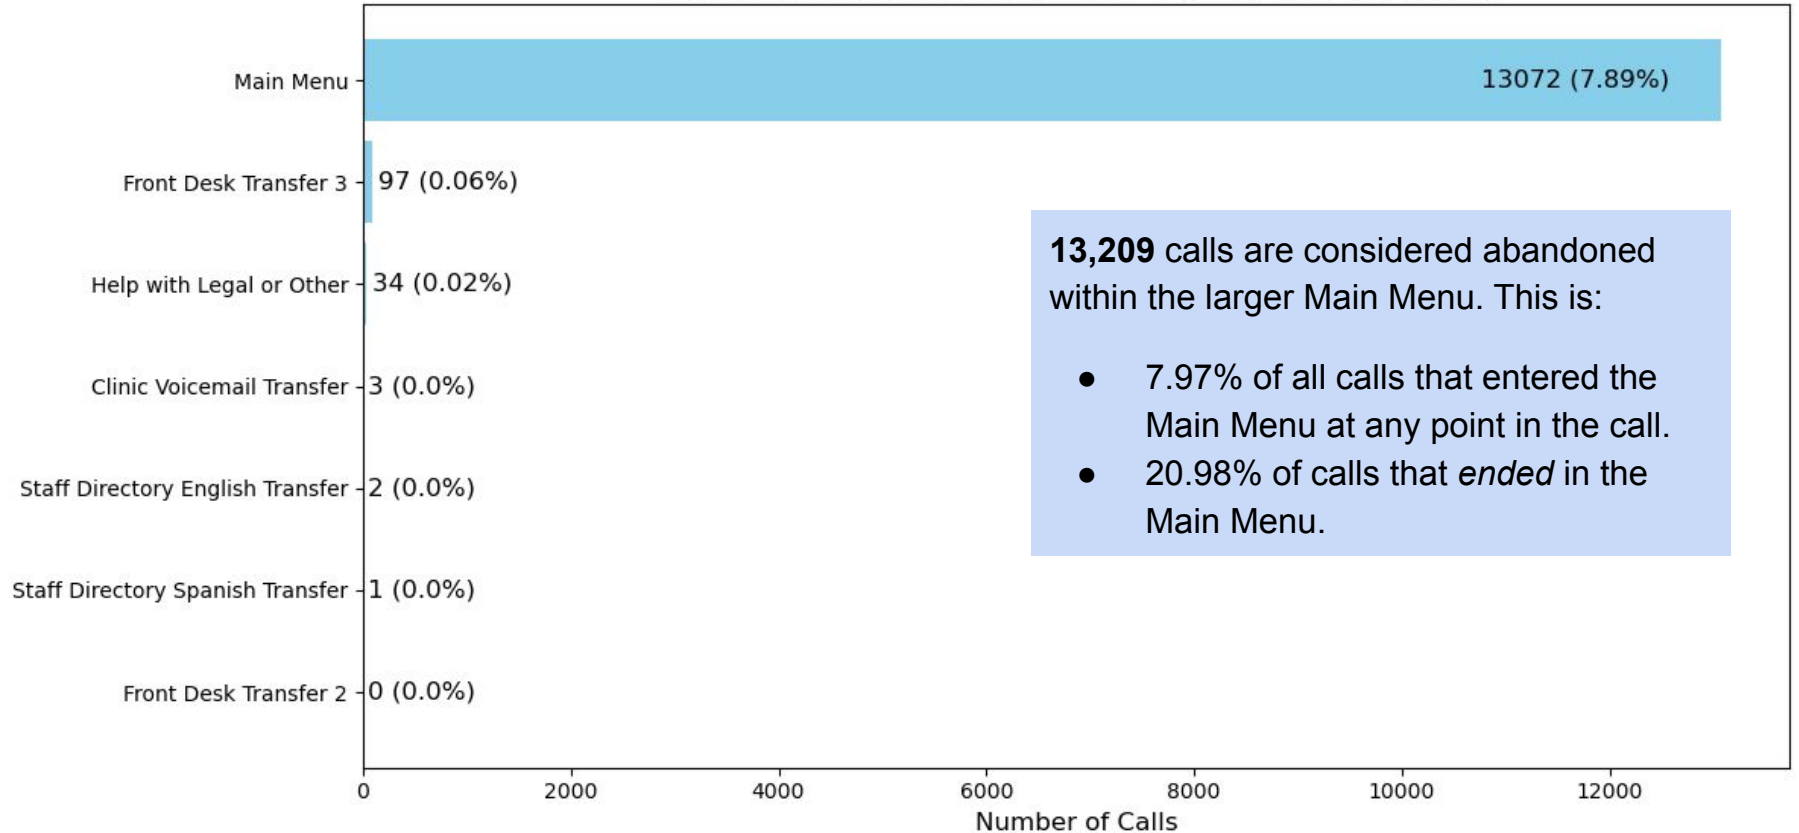

2326820	220754	e393b3a5-321a-4860-a962-5d59222ed00d	Main Number Telephony EP	NaN	MainMenu	2024-07-10 11:57:15	NaN	NaN

Examples of Not Abandoned Scenarios:

Abandonment:	Reason:
Compliment Or Complaint Menu	Information to give compliment/complain given, end of call.
Address Fax Hour Menu	Information given, end of call.
Closed Hours/Holidays	Message of closed office was given
Conditional Transfers	Not abandoned if agent connected

Call Abandonment in All Calls Entering the Main Menu:

Looking Closer at Transferred Calls:

Within the calls that ended in the Main Menu:

Transfer	Calls with no agent connected	Total calls ending in this transfer	Percent of calls not connected
Front Desk Transfer 2	0	4232	0%
Front Desk Transfer 3	97	541	17.93%
Staff Directory English Transfer	2	25960	~0%
Staff Directory Spanish Transfer	1	3399	~0%
Clinic Voicemail Transfer	3	12950	~0%

Takeaways and Looking Further:

- The Main Menu prompt within the Main Menu seems to be the place where most customers abandon the call. Could be due to customers deciding to leave early in the call, or the longer prompt/language.
 - Further dive into how many people listen to the whole prompt or repeat the prompt before leaving.
- A large proportion of agents not connected with Front Desk Transfer 3.
 - Resource allocation? Where else, if at all, are customers being transferred to this?
 - How long are customers waiting before leaving?
- Looking into connecting menus, such as the Appointment Menu or the preceding Language Selection menu.
